you are robot.
when the human move
their hands,
you mirror their moves.
(at the same time!)

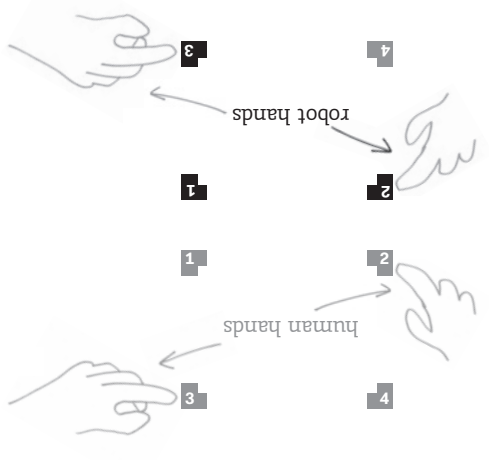

3

3

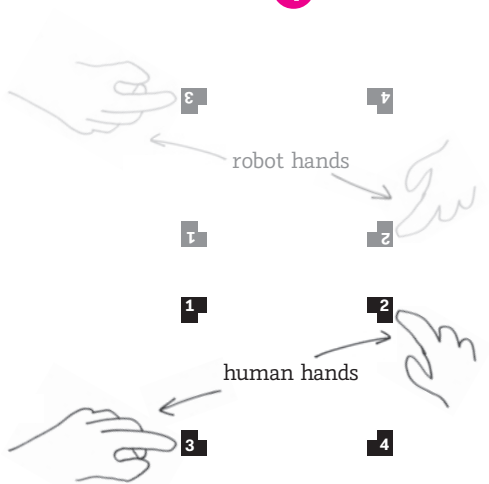

you are human.
when you move your hands,
the robot mirrors
your moves.
(at the same time!)

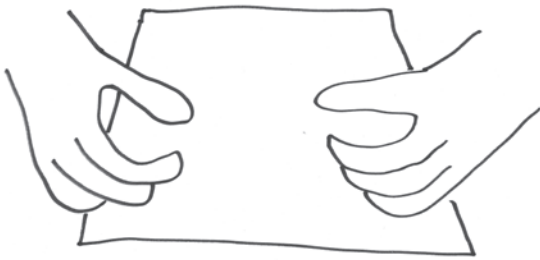

4

4

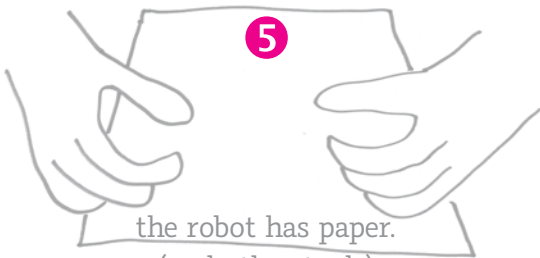

you have paper.
(and other tools)

the humans have only their bare hands.

5

the robot has paper.
(and other tools)

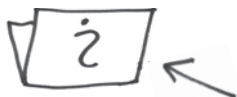

you play
with your
bare hands.

mirror the
human's moves
to create what they want.
(as best you can)

the humans
have a mission.

9

6

use your
empty hands

to make the robot create this.

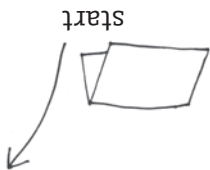

the robot
can't see this.

robots listen to
nice music.
(and don't talk!)

humans can talk
to each other.

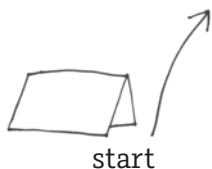

7

one last thing:

one last thing:

7

robots will
listen to music.

humans can talk
to each other.

(but not to the robots!)
